Parker Dam State Park

The 968-acre Parker Dam State Park offers old-fashioned charm and character. A scenic lake, rustic cabins, quaint campground, and unbounded forest make Parker Dam an ideal spot for a relaxing vacation.

Parker Dam State Park and the surrounding Moshannon State Forest harbor deep forests where wildlife thrives in unbroken wilderness. In conifer forests, look for ravens and black-throated green and Blackburnian warblers. The shy ovenbird and American redstart make the deciduous forest their home. Look for turkeys along the roads. Evenings are the best time to spot white-tailed deer, coyotes, and foxes, In the evening, also look for the elusive bobcat, free-ranging elk, or porcupine. Watch for beaver in the streams or the lake.
